EXPERIENCE

FinGuard Technologies   **May 2024 – Present**
Full Stack Developer—Internship—Remote   *Maharashtra, India*

- As a Full Stack Developer intern at FinGuard Technologies, I am responsible for designing, developing, and maintaining web applications using the MERN stack (MongoDB, Express.js, React, Node.js).
- My role involves collaborating with cross-functional teams to deliver robust and scalable solutions, implementing responsive user interfaces, and ensuring the seamless integration of front-end and back-end functionalities.
- I actively contribute to code reviews, troubleshoot issues, and optimize application performance, continuously enhancing my skills in full stack development and gaining practical experience in a professional setting.

FrontEnd Developer   **Feb 2024 – Apr 2024**
Freelancing—Remote   *Maharashtra, India*

- "BranD's" is an innovative online platform dedicated exclusively to branded clothing for both men and women.
- The platform aims to provide a curated selection of high-quality, trendy apparel from renowned brands, offering a seamless shopping experience for fashion enthusiasts.
